II. Read the paragraphs below:

There was a hurricane watch. Jim watched the TV. The weather man said a hurricane was near the coast. He said, "Pay attention to the weather." The man warned people. He said, "Leave your homes!". The man said, "Remain calm". Jim gathered his family. He went to the car. They drove away from the coast. They were not injured.

The hurricane left debris on Jim's roof. There were tree limbs and trash on Jim's roof. Jim's window was cracked. Jim and his wife cleaned up. They repaired the window. They were glad their house was not damaged.

Choose the correct word:

1. Jim (inspected/calmed) his house.
2. Jim and his wife (warned/watched) the weather.
3. The family (cleaned/left) the coast.
4. The window (damaged/broke).
5. Jim and his wife (warned/cleaned) up the debris.

III. Read the paragraph silently. Then tell what happened.

A. It rained for many days. The river was full. The water left the banks of the river. There is water in the streets. There is water in my house. This is a big flood. I need help. Please rescue me.

B. The men worked in the coal mine. There was an explosion underground. There was fire. The men ran out of the mine. All of the men got out. They were very lucky.

C. It rained many days. The Young's house was below a hill. The rain made the ground soft. The mud slid down the hill. It slid into the house. There was mud in the Young's house. The Young's ran away.

D. The volcano erupted. Fire and rocks shot out. The villagers ran from the explosion. The lava ran down the hill. It started fires in the trees. All the villagers escaped. They ran to the sea.

E. The tsunami came to the island. It was a huge wave. It was 30 feet tall. It crashed into the hotel. The people ran to the higher floors. They were afraid to go on the beach. The tsunami left debris on the beach.
