

Nouns are places, people or things. EX: town, boy, car. Adjectives are words that describe nouns. EX: small town, tall boy, red car. When using nouns and adjectives together, the adjective always comes first. EX: We say, "She is a good student." NOT "She is a student good."

Many nouns have adjective forms. It is confusing in English to know which form to use. In the sentences below, the student has incorrectly used the noun form. Your job is to correct the sentence by changing the noun to it's adjective form.
