Read these paragraphs with a partner. Then answer the questions.

A room for a baby is called a nursery. A nursery has a crib. Sometimes there is a changing table. Adults change the baby’s diaper on the changing table. They use diaper wipes to clean the baby. The baby lies on the soft changing pad. Sometimes there is a chest of drawers for baby’s clothes.

- 1.What is a room for baby called? _____
- 2.Where do you change the baby? _____
- 3.What are diaper wipes for? _____

4. Where do baby's clothes belong? _____

This room has a crib. The crib has bumper pads. Bumper pads keep baby from falling between the sides of the crib and the mattress. There is a mobile over the crib. The mobile moves. The baby watches it. Babies like to watch moving things. There is a baby monitor in this room. Mom can work in the kitchen and hear the baby in his room. When the baby cried, Mom will hear. She can go to the nursery and pick up the baby.

1. How do bumper pads keep baby safe?
2. What does the baby watch?
3. What is a baby monitor for?

Write sentences about this picture. Read your sentences to the class. Teachers, write their sentences on the board and correct if needed.
