

FUMC ESL 1-15-2015 High Intermediate Lesson

Work with a partner: Choose the right word. These are words you learned in past lessons.

1. I have _____ (immune/ immunity) to chicken pox because I had it as a child.
2. You build up _____ (immune/immunity) to viruses that you have been exposed to.
3. My sons was _____ (immunity/ immunized) against measles when he was a baby.
4. You should _____ (take/ have) regular checkups.
5. If you have problems with your vision, see an _____ (audiologist/ optometrist).
6. You should always _____ (follow/ take) the doctor's advice.
7. My injured leg is very _____ (pain/ painful).
8. My mother is _____ (depressed/ depression) because she has cancer.
9. The doctor's _____ (diagnose/ diagnosis) was a sinus infection.

Look at OPD 116. Read the sentence and put the correct letter in the blank.

_____ Dad had a heart attack on the golf course. Call an ambulance.

_____ The man cut his hand. His hand is bleeding. Get a bandage for him.

_____ There was an accident. The car hit a tree. The lady is unconscious. Call 911. Ask for an ambulance.

_____ The baby swallowed the poison. She will be sick. Call poison control. The number is 1-800-222-1222. You can also call 911.

_____ There is a fire. There is a lot of smoke. The boy can't breathe. He must get out of the building. Call 911. Tell them the building is on fire. Tell them there is a boy trapped inside.

_____ He touched the hot pot. He burned his hand.

_____ The woman is choking. Help her. Do the Heimlich maneuver. (see page 117 #18)

_____ The bee stung the boy. The bite swelled. He had an allergic reaction. He is allergic to bee stings.

_____ The woman fell. She broke her hip. She needs an ambulance.

_____ The boy fell in the pool. He cannot swim. He might drown. Help him!

_____ The man put a tool in the toaster. He got an electric shock.

_____ The man took too many drugs. He overdosed. Call an ambulance.

_____ The bookcase fell on the man. He hurt his head. Is he injured?

Work in small groups: Take turns reading the paragraph and answering the questions. The teacher will move around the room to help you. When finished, ask the teacher to check your answers.

A. Dad was playing golf with friends. Suddenly he felt pain in his chest. He lay down on the ground. His friends called an ambulance. The ambulance took him to the hospital. The doctor treated him for a heart attack. Now he is much better. Thank goodness for his quick thinking friends. They may have saved his life.

1. What was wrong with Dad?

2. What kind of pain did he have?
3. What did his friends do?
4. Have you ever called an ambulance for someone?

B. There was a wreck near our house. A car went off the road and hit a tree. Two people were hurt. The driver was taken away on a stretcher. He was unconscious. A woman was also hurt. The paramedic bandaged her leg.

1. Describe the accident.
2. Who was hurt?
3. Who was unconscious?
4. Where did the paramedic bandage the woman?
5. Have you ever been unconscious?

C. There was a fire in the office. There was a lot of smoke. Everyone rushed for the stairs. One man was trapped in the office. He could not get to the stairs. He went to the window. He waved to the firemen. The firemen put a ladder up. The firemen climbed up and rescued the man. The smoke was very thick. The man could barely breathe. He was lucky to get out in time.

1. Where was the fire?
2. What did everyone do?
3. What happened to the man?
4. How did the man signal the firemen?
5. What did the firemen do?
6. Why was the man lucky?
7. Have you ever seen a building on fire?

D. My neighbor is in the hospital. He took an overdose of drugs. He was very depressed because he lost his job. He couldn't pay the rent. His wife went to live with her parents. He decided to take his own life. He took many painkillers. But a friend was worried about him and came to his house. He knocked on the door. When no one answered, the friend called police. He told the police that his friend might try to commit suicide. The police broke into my neighbor's house. They found him on the bed. They rushed him to the hospital. He will be OK. He will need counseling and support.

1. Why is the neighbor in the hospital?
2. Why did he take so much pain medicine?
3. Where was his wife?
4. Who called the police?
5. Who broke in?
6. Will the man be OK?
7. What does the man need now?
8. Have you ever worried that a friend might try to commit suicide?
9. What would you do if you knew your friend was very depressed?
